

Statement of Attainment in Chemical Application

Details

TAFE NSW Course No: 10102

Description

This course will allow you to safely and correctly apply chemicals to control weeds in agricultural, horticultural or land management based enterprises.

You will learn to handle, transport, store, prepare and apply chemicals in an effective and responsible manner and select appropriate weed control measures.

On successful completion of this course, you will meet the training requirements determined by the Australian Pesticides and Veterinary Medicines Authority for the purchase of some restricted chemicals and the NSW Pesticides Regulation 2009 for the unsupervised application of pesticides.

Career Opportunities

Chemical applicator, weeds officer, pest controller.

Nominal hours: 45

Entry requirements

There are no formal entry requirements for this course.

TAFE NSW fee information

The TAFE NSW fee is based on the level of qualification, however other fee arrangements apply for commercial courses (TAFE PLUS), international students, temporary visa holders, Australian Aboriginal and Torres Strait Islander students, students with a disability, apprentices, trainees and government benefit/allowance recipients. Other course related costs may apply.

If your course runs for more than one semester you may have the option to pay your TAFE NSW fee in two equal half-yearly payments - the first payment when you enrol.

For more information on TAFE NSW fees, fee exemptions, fee concessions and other fee arrangements that may apply, contact your local campus.
